wells of questionable quality. (When you see their claims of rigorous processing, “reverse osmosis” and purification systems – think. Why is all that treatment necessary?) Castle Springs does not require additional purification procedures!

Further, our natural spring is constantly, scientifically measured and verified. It’s 12.5 times lower in sodium than the FDA definition of “sodium-free.” And although you can buy bottled waters with total dissolved solids that exceed 1,000 parts per million, Castle Springs has only 16 parts per million – naturally among the lowest available in the world.

And Castle Springs natural spring water is consistently proven at the source to be free of contaminants, herbicides, pesticides – not even a trace of 150 common organic compounds found in some surface waters.

Make a big splash!

**What’s behind your name?
The purest, best tasting bottled water**

Castle Springs is a real place, the source of our natural spring water – among the purest available in the world! On our 5,200-acre mountain estate, abundant rains and snow filter down through layers of granite rocks and stones, and bubble up naturally to create its pristine springs.

And the taste is refreshing and clear, reflecting the purity of our environmentally protected mountain spring water source.

Compare that to “designer name” and other bottled waters that come from municipal tap-water sources or

Proven crowd-pleasers! Show and tell 'em who you are, what you do

Keeps your name at your customers' fingertips and on the tips of their tongues! Castle Springs identifies and promotes you, and creates good will. Your private label sells for you!

Raises name awareness. When people see your name "everywhere," your name immediately comes to mind. And private labels encourage display on office desks and bookcases, where other people see them frequently; and in homes.

Polishes your image. Clearly show what you stand for! Because Castle Springs is rated the highest quality water in the world, you'll identify yourself with standards like:

- Upscale products and service
- Superior taste
- Leadership
- Environmental concern
- Health awareness, vigor
- Family values
- You name it!

Increases your revenue. Add your own private label to Castle Springs water, and you add value! Bottled water appeals to all customers, prospects and guests – even finicky kids. Elegant glass bottles add upscale value, too.

Boosts profitability. Thanks to our fast turnaround, you can order in smaller quantities. Avoid carrying costs!

Shows health-consciousness. Castle Springs is far purer than "designer-name" bottled waters. In fact, scientific tests results prove it! (See back page.)

Bufs up your sports message. Nothing says excellence in sports like bottled water. It makes a great fund-raiser for student competitions, too.

Shows client, employee appreciation. Give upscale private label bottled water to your valued business partners. Show your appreciation to workgroup team players, too.

Supports business initiatives. When you put your company's logo, program or campaign message on a private label, it demonstrates your commitment and raises awareness, which in turn, helps create more enthusiasm.

Creates long-lasting memories. Private label bottles promise years of memories as souvenirs. Start a new tradition of collectibles at your annual events, too.
